Like a Three Stooges movie

FROM THOMAS FOX
WEAVERVILLE

Remember the Responsible Government Act, and how Derek Cole, Dave Hunt, Shanna White, Wendy Tyler, Anton Roger Jaegel, Judy Morris, Wendy Otto, Judy Pflueger and Debra Chapman refused to allow the People's right to redress our grievances?

The Board of Supervisors make underground rules so they do not have to address the people. Or hide behind Derek Cole's decision to do Dave Hunt's job and say the California Secretary of State's Election Division's law EC19001 which says "This division shall be liberally construed so that the real will of the electors will not be defeated by any informality or failure to comply with all of the provisions of the law." "Clearly," according to Cole, electors cannot use P.O. boxes and therefore did not qualify to be put on the ballot. Now this is the same Cole that supported Mike Harper and Bruce Haney when they said Mark Potts did not have freedom of speech, costing thousands of our county dollars to fight the American Civil Liberties Union and lost in court. Cole further came up with the bright idea that he could hide behind the skirt of Katherine Montgomery of the Secretary of State's Elections Division and ask her to decipher the meaning of EC19001.

And under the leadership of Cole this whole motley crew believes they don't have to speak with us unless three of the supervisors agree to put us on their agenda. And that when they do listen to us for five, oh no, that was changed three minutes, they are not permitted to respond. That sounds underground to me. And when we complain they say they have 45 days to answer us and then, according to Judy Morris and Derek Cole, they are waiting for the Secretary of State's office to answer them.

Starting to sound like a Three Stooges movie yet?

Cole is not competent, in my opinion, to handle our county business. He is, as the saying goes, "milking it" for his own benefit. Cole makes up facts to please himself, like saying the sheriff is sworn to enforce the law, which is blatant lie. He is sworn to defend the Constitution! Or like his blatant lie changing elections requirements from "nothing shall preclude the filing of another petition to the same effect from being circulated" into "nothing shall preclude another initiative being filed for \$200!"

Our civil rights are being violated and this too will end up in court with a class action lawsuit taking more money from the county because the Board of Supervisors think they make the rules. We will legalize the Constitution here in spite of these treasonous servants of the people! I think, and have offered this option to the board, that

if we just obey the real law and put the RGA on the ballot the people will decide the case and the millions that a court case would cost would not be wasted.

If you agree please call your supervisors and tell them to stop wasting our money. Demand that our constitutional rights not being violated and put the RGA on the ballot or join me and The American Civil Liberties Union and show the clowns how to dance for We the People.

Call your supervisor today. Let us save America one county at a time, starting here in Trinity County.

Thank you from an American Patriot; the Red Coats are back and have infiltrated our county offices.
